Southern Maidenhair Fern	<i>Adiantum capillus-venersis</i>	fern	Always a lady! Great mate for concrete slab. Upright, soft, lacy fronds; very fine textured foliage	HH	18"	NA	NA	N	N	Shade	Moist
Rosy Maidenhair Fern	<i>Adiantum hispidulum</i>	fern	Deciduous fern; rose colored new growth; 18-24"; needs part sun to shade, moist conditions.	GF	18 - 24"	NA	NA	N	N	Part Sun - Shade	Moist
Hiltop Red Buckeye, Red Buckeye	<i>Aesculus pavia</i>	tree/shrub	Native plant with red flower spikes in spring. Can be trained as tree or shrub; hummingbird favorite; handsome flowers.	HH	10'-20'	red	Sp	N	Y	Sun	Dry
Giant Agapanthus "Ellamae"	<i>Agapanthus 'Ellamae'</i>	perennial	Large, drooping clusters of intense, deep blue flowers on stalks up to 3 feet tall of evergreen strap like foliage. Attracts bees, butterflies and hummers.	HH	3 - 4'	dark blue - violet	Su	Y	Y	full to part sun	average
Mood Indigo Lily of the Nile	<i>Agapanthus inapterus</i> 'Mood Indigo'	perennial	Fabulous dark violet, almost black flowers on 30" stems.	GN	2 - 4'	dark violet	mid to late S	N	N	part sun - part shade	Med - low
Dwarf Agarista	<i>Agarista populifolia</i> 'Leprechaun'	shrub	Dwarf form of native swamp leucothoe; will only reach 3-4'. Likes dry, shady environment.	HH	3 - 4'	white	Sp	N	N	Shade	Average
Leucothoe, Florida Leucothoe	<i>Agarista populifolia</i>	ev shrub	Arching plant for a difficult site; lily of the valley-like blooms in Spring.	DD	15'	white	Sp	N	N	Sun	Moist
Hummingbird Mint, Salmon Pink Agastache	<i>Agastache 'Acapulco Salmon-Pink'</i>	perennial	18-24", lovely orange-pink tubular flowers with aromatic grayish-green leaves, hummingbird attractor, tolerant of dry soils.	HHSF	18 - 24"	orange - pink	Sp, Su,F	Y	Y	Full sun	Low
Agave	<i>Agave amerisua</i>	succulent	Tolerates drought and harsh environment.	HH	6x6'	greenish	Su	Y	N	Sun	Dry
Burgundy Glow Ajuga	<i>Ajuga 'Burgundy Glow'</i>	perennial ground cover	tricolored foliage (white, pink and green) and blue flowers on 6" spikes in late spring. In mass plantings, the flower effect can be very dramatic.	HH DUP	6 - 9" x 6-12"	blue	May-June	N	N	Sun / Part Shade	Average
Black Scallop Ajuga	<i>Ajuga reptans 'Black Scallop'</i>	perennial	Dark as night foliage with gorgeously scalloped leaves. Knock out in patio pots, combos, and as snappy accent.	HH	3 x 6"	blue	May-June	No	No	Shade	Dry
Caitlin's Giant Ajuga	<i>Ajuga reptans 'Caitlin's Giant'</i>	ground cover	Large foliage offers coarse leaf texture in the shade garden	HH	6"	purple	May-June	N	N	Shade	Dry
Tung Oil Tree	<i>Aleurites fordii</i>	tree	Enjoy the shade and pretty flowers; forget the varnish making project	HH	20-30'	white with orange	Sp	N	N	Sun	Dry
Upright Elephant Ear	<i>Alocasia portodora</i>	Aquatic	Bright green ruffle-edge leaf, tall background plant.	HHSF	8' x 4'		Su			Full sun or part shade	moist
Aloe Vera	<i>Aloe barbadensis</i>	succulent	Spiny, spotted fleshy basal foliage - medicinal plant. First aid for kitchen accidents.	HH	3'	coral	Su-F	Y	N	Sun	Dry
Cardamon Ginger	<i>Alpinia nutans</i>	ginger	Scented groundcover makes short dogs smell great!	HH	2-3'			N	N	Sun	Moist
Shell Ginger	<i>Alpinia zerumbet</i>	ginger	Tall shiny leaves, sometimes flowers in second year without hard freeze.	HH	10'	pink, yellow, & white	Sp	N	N	Sun	Dry
Rose of Sharon 'Lucy'	<i>Althea 'Lucy'</i>	shrub to sm tree	slow to moderate growth. Transplants easily	HH	10'x8'	double red	mid Su to frost	Y	Y	part shade -sun	well-drained
Indigo Bush	<i>Amorpha fruticosa</i>	dec shrub	Deciduous, native, colonizing ... useful in erosion control. Flowers purple to dark blue with yellow stamens appear in spiked clusters April to June. Butterfly host.	HHGF	10' x 5'	purple to dark blue	Sp,Su	Y	N	full sun or part shade	moist

### Hiltop Arboretum PlantFest 2009 Final Plant List and Data

Common Name	Botanical Name	Type	Remarks	Supplier	Mature Size (H/W)	Bloom Color	Bloom Season	B'fly	H'bird	Light	Water
Henry's Voodoo Lily	<i>Amorphophallus henryi</i>	bulb	Rare, kinky dwarf voodoo lily from Taiwan. A Tony Avent favorite! In flower, expect a spathe that resembles one of those '60s vinyl lawn chairs with ruffled edges, while emerging from the center is a spadix that...well, even Bob Dole could be proud of.	HH	24"	purple	late Sp - early Su	Y	Y	Full sun - light shade	Consistent moisture
Variiegated Shooting Star Lily	<i>Anthericum sandersonia variegata</i>	perennial	Regular Anthericum's variegated cousin. Semi-evergreen 12"-14" clumping grass-like lily, small white star shaped flowers on 18"-24" stems. Dark green and white variegated foliage.	TS	12 - 14"	white	Sp - F	N	N	Full Sun - Light Shade	Moist, Well-Drained
Shooting Star Lily, St. Bernard's Lily	<i>Anthericum saundersonia</i>	ev perennial	Semi-evergreen clumping grass-like lily, small white star shaped flowers on 18"-24" stems.	GF	12 - 14"	white	Sp - F	N	N	full sun to light shade	moist well-drained
Ice Plant	<i>Aptenia cordifolia</i>	ev succulent groundcover	Name comes from "frosty" look of cylindrical leaves densely coated with glistening hairs. Profuse 1/2" pink blooms summer and fall. Drought resistant.	HH	6'	hot pink	Su - F	N	N	Full Sun	Dry, well-drained
Ornamental Peanut	<i>Arachis glabrata</i>	perennial	Spreading easy-to-grow groundcover with yellow blooms. Very drought tolerant	GR	6"	yellow	Su-F	N	N	Sun	Dry
Ornamental Peanut	<i>Arachis glabrata</i>	perennial	Spreadin easy-to-grow groundcover with yellow blooms. Very drought tolerant	HHSF	6"	yellow	Su-F			Sun	Dry
Norfolk Island Pine	<i>Araucaria heterophylla</i>	ev tree	Pyramidal form with branches arranged in distinctive symmetrical, horizontal tiers. Very dependable tub specimen.	HH	200' native habitat - 3 - 10 indoors	grown for foliage	grown for foliage	N	N	Sun	Moist - Well-Drained
Variiegated Ardesia	<i>Ardesia japonica variegata</i>	ev groundcover	Green and white leaf variegation with pink flowers and red berries.								
Coral Ardisia, Christmas Berry	<i>Ardisia crenata</i>	ev shrub	Sturdy evergreen southern tradition	HH	18"-1'	white	Sp and Su	N	N	Shade	Moist
Japanese Groundcover Ardisia	<i>Ardisia japonica</i>	ev ground-cover	Vigorous groundcover with pink flowers and red berries.	HH	10-12"	pink	mid Su and F	N	N	Shade	Moist
Variiegated Japanese Ardisia	<i>Ardisia japonica variegata</i>	ev groundcover	Same as Japanese Ardisia only the leaves have zones of cream and gray-green color.	HH	10-12"	pink	mid Su and F	N	N	Shade	Moist
Red Chokeberry	<i>Aronia arbutifolia</i>	dec shrub	Native. Flowers mid-spring; bright red berries late summer; reddish to purple fall color. Easy to grow.	HH	8'x5'	white	Sp	Y	N	Full Sun to Part Shade	wet and dry sites
Chinese Evergreen Ginger	<i>Asarum splendens</i>	grouncover ginger	Large evergreen mottled silver leaves. Spreads to show off as a mass planting in a shade garden. Large, 2.5"-3" wide brown, purple and cream flowers.	HH	6-8" x 12"	brown, purple, cream	late Su			Shade	Average
Butterfly Weed	<i>Asclepias curassavica</i>	perennial	A popular fine textured perennial noted for its feathery aromatic foilage. Bright orange-red flowers against dark green foliage. Great in meadow gardens and perennial borders.	HH	2'	orange-red	Sp-F	Y		Sun	Dry
Silky Gold Butterfly Weed	<i>Asclepias curassavica 'Silky Gold'</i>	perennial	like species but with golden-yellow flowers, light green foliage, upright green stems	HHGF	24 - 30"	golden yellow	Sp,Su,F	Y	N	Full Sun / Part Shade	Average
Pawpaw Tree	<i>Asimina triloba</i>	tree	Pickin' up pawpaws, put 'em in your garden! Blooms before leaves. Edible fruit. Downturned leaves turn yellow and gold in Fall.	HHLG	20-30'	maroon	Sp	Y	N	Sun	Moist
Asparagus Fern, Foxtail	<i>Asparagus densiflorus 'Sprengeri'</i>	perennial	A featured container plant, grows in full sunlight to shade in moist fertile soil.	HH	3'	white	mid Su	N	N	Sun	Moist

### Hiltop Arboretum PlantFest 2009 Final Plant List and Data

Common Name	Botanical Name	Type	Remarks	Supplier	Mature Size (H/W)	Bloom Color	Bloom Season	B'fly	H'bird	Light	Water
Asparagus	<i>Asparagus officianalis</i>	perennial	Herbaceous, erect, much branched, glabrous, from rhizomes, green. Branches thin and drooping.	HH	5'	whitish green	May - June	N	N	Sun	Average
Cast Iron Plant	<i>Aspidistra elatior</i>	perennial	Bathe yourself in groundcover. Clumper that tolerates shade beautifully!	HH	2'	purple-brown	W-Sp	N	N	Shade	not picky
Dwarf Speckled Cast Iron Plant	<i>Aspidistra elatior 'Milky Way'</i>	perennial	These spots last longer than any blooms in the shade	HH	18-24'	purple-brown	W-Sp	N	N	Shade	Moist
White Astilbe	<i>Astilbe 'Deutschland White'</i>	perennial	Perennial with feathery foliage which unfurls in spring followed in late summer with plumes of white flowers. Great way to dress up a shaded area.	HH	18 - 24"	white	late Su	N	N	part shade to shade	average
Aucuba	<i>Aucuba japonica "Serratifolia"</i>	evergreen shrub	Broad-leaved evergreen shrub valued for the long dark green leaves with sharply serrated edges. Showy red berries in fall. Bold upright stems. An excellent accent for shady situations. Slow-growing to 4 to 6 feet high, almost as wide.	HH	4-6'/4'	Red Berries	Fall	N	N	shade	Moist
Carambola Starfruit	<i>Averrhoa carambola</i>	ev tree	The alternate, odd-pinnate leaves are somewhat sensitive -- leaves fold together at night, much like mimosas. The trees produce a fruit known as a star fruit, which is an astringent fruit with a sweet and sour flavor. The slow growing nature of these trees makes them an excellent container tree.	LO	20 - 30'	red-purple	ever blooming under right conditions	N	N	full sun	well-drained
Chojuho Satsuki Azalea	<i>Azalea 'Chojuho'</i>	ev shrub	Showy, star-shaped, dark red to orangish-red flowers, 1 to 1 1/2 inches wide. Flowers are borne from May to June.	GN	5'	orangish-red	May - June	N	N	Partial sun	Well drained
Vitatta Fortunei Azalea	<i>Azalea 'Vitatta Fortune'</i>	ev shrub	Tall, upright. White flaked, streaked reddish-purple. Blooms appear in fall, sporadically in winter and more heavily in early spring. Semi-deciduous which tends to show off the winter blooms. Venerable old plants still seen from World War II era - a testimonial to their endurance.	GN	10' +	white flaked, streaked reddish - purple	W - more heavily early Sp	N	N	Partial sun	Well drained
William Bull Indica Azalea	<i>Azalea 'William Bull'</i>	ev shrub	Pictureseque tall and open habit. Easy and durable cultivar, among most cold-hardy of the Southern Indians. Very double flowers deep salmon orange appearing mid to late season.	GN	tall "walk under" azalea	deep salmon orange	mid - late season	N	N	Part shade	Well drained
Purple Smoke Baptisia	<i>Baptisia x 'Purple Smoke'</i>	perennial	Deciduous. Cut flower, work in xeriscapes, and come with deer- resistant foliage. Butterfly host.	GF	4' x 4'	violet	Sp,Su	Y	N	Full sun or part shade	xeric
Philippine Violet	<i>Barleria cristata</i>	perennial	Cool weather purple. Flowers in some shade. Rich, two tone green foliage.	HH	3-4'	purple	late Su- early F	Y	N	Part shade	Dry
Climbing Spinach	<i>Basella rubra</i>	vine	Fast growing red stemmed vine. Bright green heart-shaped meaty leaves, handsome and tasty!	HH	10'	pink	Sp	N	N	Sun	Dry
Spinach Malabar 'Red Stem'	<i>Basella rubra</i>	perennial vine	Scarlet stems and deep green spinach leaves. Many people grow Red Stem for purely ornamental purposes, but there's a lot of good eating on this productive plant!	HH	6'	purple	Sp-S	N	N	Sun	Moist
Pink Orchid Vine	<i>Bauhinia yunannensis</i>	semi-ev perennial vine	1" double kidney shaped leaves covered with terminal racemes of 2" orchid-like pink flowers.	TS	10 - 12'	pink veined with purple	Sp - F	N	N	Full Sun	Average - Dry
Beefsteak Begonia	<i>Begonia Erythrophylla</i>	perennial	Vegans beware! Where's the beef!!! Roundish fleshy kidney shaped leaves with red underbellies.	HH	1'	pink	Sp	N	N	Part Shade - Full Sun	Normal - Moist
Grand Begonia	<i>Begonia grandis</i>	perennial	Red ones, pink ones, big ones, dwarfs.	HH		red and pink		N	N	Shade	Average

### Hiltop Arboretum PlantFest 2009 Final Plant List and Data

Common Name	Botanical Name	Type	Remarks	Supplier	Mature Size (H/W)	Bloom Color	Bloom Season	B'fly	H'bird	Light	Water
Angel Wing Begonia	<i>Begonia Lucerna</i>	perennial	Flying ones too!	HH				N	N	Shade	Average
Rex Begonia	<i>Begonia rex cultorum</i>	perennial	Has it made in the shade! Flashy foliage ... teensie flowers don't merit attention.	HH	12 - 18"	grown for foliage	grown for foliage	N	N	filtered light	average
Begonia, Hardy Perennial Begonia	<i>Begonia sp.</i>	perennial	Begonias be going home with you! A gently spreading and upright perennial, it bears nodding pink blooms from late Spring to Fall.	HH	24 x 18'	red and pink		N	N	Light shade to morning sun	Well-drained
Chocolate-scented Daisy	<i>Berlandiera lyrata</i>	perennial	A quarter-size, vibrant, 12" yellow daisy with striking red striped undersides and chocolate-colored cocoa scented stamens.	TS	18" a 2'	yellow with red striped undersides	Sp - Su	N	N	Full Sun	Dry / Well - Drained
False Red Agave	<i>Beschorneria septentrionalis</i>	perennial	Agave relative. Glossy, evergreen rosette (no spines) makes attractive clump to 3' wide. Once established, you will enjoy 5' tall, glossy, red flower spikes adorned March/ April with lovely green tipped reddish bells. Takes moisture if well-drained	VDG	5'3'	Red	Mar/Apr	Y	Y	part sun to shade	drought tolerant, well-drained
Chinese Ground Orchid	<i>Bletilla ochracea</i>	perennial	Hardy, terrestrial, deciduous orchid. Wispy flower stalks top the iris-like pleated leaves in June. Each stalk sports creamy yellow flowers highlighted with purple and yellow speckled lips.	VDG	12"	creamy yellow	Su	N	N	filtered	average
Royal Purple Bougainvillea	<i>Bougainvillea buttiana 'Royal Purple'</i>	ev climber	Terrific prolific arching sprays of showy purple flowers on large evergreen vines.	HH	15 - 30'	purple with white centers	early Su - late F	N	N	full sun	dry - average
Bougainvillea	<i>Bougainvillea spectabilis</i>	shrub	Thorny shrub or vine with mediterranean appeal--gorgeous bracts-- that blooms best in an abusive home--hot, dry, starved and pot bound! Blooms on new growth.	HH	15-20'	hot pink	early Su - late F	N	N	Sun	Dry
Schefflera, Umbrella Plant	<i>Brassaia actinophylla</i>	ev shrub	Dark green, shiny palmate leaves fan out to form rounded crown that resembles umbrella. Comfortable outdoors as a tree and cozy indoors as a houseplant. Outdoors in full sun, it sports showy red flowers in Summer.	HH	4 - 7'	red	Su	N	N	Shade	Average
Bromeliad	<i>Bromeliad</i>	perennial succulent	Like most southerners - happy in warm humid shade but bring them inside for the winter	HH						shade	Moist
Angel's Trumpet	<i>Brugmansia x insignis</i>	perennial shrub	Huge jazzy fragrant flowers will blow you away, especially at night. Peach, yellow or white	HH	6-8'	peach, yellow, white ... you name it!	Su-frost	Y	Y	Sun	Moist
Butterfly Bush	<i>Buddleia lindleyana</i>	perennial shrub	Good for more of a 'hedgerow' planting, smooth foliage, pendulous flowers grace a weeping form and cinnamon-colored stems	HHDD	8'x3'	Violet/ Lavender	Mid Su, late Su, early F	Y	N	Full Sun to Part Shade	well-drained
Tangerine Bulbine	<i>Bulbine flavescens 'Tangerine'</i>	perennial	Bright flower spikes nearly year-round	HH		soft tangerine	nearly year round	N	N	Sun	Dry
'Cream Puff' Caesalpinia	<i>Caesalpinia sp. 'Cream Puff'</i>	shrub	Elegant, root hardy, subtropical, multi-stemmed shrub topped with large panicles of buttery yellow blooms non-stop through the hot summer months. Averages 6'-8' tall. The stems are covered with attractive feathery compound foliage. Striking accent plant, stunning in a group. Must have good drainage & full sun. Butterflies! (ses-al-PIN-ee-uh)	HHTS	6-8'	yellow	Su	Y	N	Full sun	good drainage

### Hiltop Arboretum PlantFest 2009 Final Plant List and Data

Common Name	Botanical Name	Type	Remarks	Supplier	Mature Size (H/W)	Bloom Color	Bloom Season	B'fly	H'bird	Light	Water
Louise calathea	<i>Calathea louisae</i>	perennial	An attractive clump-forming detail plant that adds wonderful touch of color and texture to the shade garden. Lance-shaped, dark green leaf blades, with red underneath, silver "brush strokes" down the center. Descendent of gifts from the energetic and generous Miss Lillie's garden on Goodwood	HH	2'	white	Sp-F	N	N	Shade	Moist
Dwarf Fairy Duster	<i>Calliandra emarginata</i>	shrub	Beautiful root hardy shrub great for garden and containers. Hot pink "powderpuff" mimosa-like flowers summer through fall. Tropical look; very low amounts of airborne pollen.	TS	2-3'	hot pink	Sp-F	Y	Y	Sun or Light Shade	Average, Well-Drained
American Beautyberry, French Mulberry	<i>Callicarpa americana</i>	shrub	Clusters of purple-rosey berries in Fall follow Spring bloom. Iridescent purple berries for you, the birds and other wildlife.	HH	10'	purple	F-W	N	N	Sun	Moist
American Beautyberry, French Mulberry (White)	<i>Callicarpa americana 'lactea'</i>	shrub	Clusters of white berries in late Summer/Fall following bloom. Great wildlife food.	HH	8x8'	white	Su	N	N	Sun	Moist
Wine Cup, Purple Poppy Mallow	<i>Callirohoe involucrata</i>	perennial	Low growing, deeply dissected dark green foliage. Explosion of electric purple, upright flowers July to early September. Behaves like ivy.	HH	6-8" x 12-20"	electric purple	July - early September	N	N	full sun	dry - average
Bottlebrush	<i>Callistemon rigidus</i>	ev shrub	Native of Australia. Aromatic gray-green leaves. New foliage reddish-green. Flower mass in shape of bottlebrush ... dense cylindrical, brilliant red spikes sporting oodles of bristlelike stamens.	HH	8-6' x 6-4'	brilliant red	late Sp early Su with few blooms into F	Y	Y	full sun - some shade	porous well-drained soil
Sweetshrub, Carolina Allspice	<i>Calycanthus floridus</i>	shrub	Fragrant foliage; more intense in Spring and when in ground.	LG	8'	dark red	Sp	Y	N	Sun	Dry
Dwarf Sweetshrub "Michael Lindsay"	<i>Calycanthus floridus 'Michael Lindsay'</i>	dec shrub	More compact than other sweetshrubs. Dark glossy, spinach looking leaves golden yellow in fall. Strong flower color and fragrance.	HH	3 - 9'	maroon - chestnut	May - July	Y	N	Part shade - part sun	Dry
Autumn Sentinel Camellia	<i>Camellia 'Autumn Sentinel'</i>	ev shrub	Gorgeous pink flowers. This striking plant has a very narrow upright growth habit with distinctive foliage. The leaves are small, narrow and dark green and with a compact habit. The plant grows quickly and the pale pink blooms come early in the season (October) and are small and double.	GN		pink	October	N	N	Part Sun	Average
Egao Corkscrew Camellia	<i>Camellia 'Egao Corkscrew'</i>	ev shrub	Lovely salmon pink flower. But it's the curly zig-zag growth that is most appealing. Unique!	GN	10 - 20' x 5 - 12'	salmon - pink	late W	N	N	Part Shade - Part Sun	Normal - Moist
Species Camellia fluviatilis	<i>Camellia fluviatilis</i>	ev shrub	Long narrow willow-like foliage. Good Grower. Profuse small white flowers.	GN	4 - 5'	white	F	N	N	semi shade	Average
Stephanie Golden Camellia	<i>Camellia hiemalis 'Stephanie Golden'</i>	ev shrub	Most heavily-flowered of all camellias. Bright pink to lavender. Peony. Compact, upright.	GN	8'	pink to lavender	W	N	N	Sun	Moist
High Fragrance Camellia	<i>Camellia hybrid 'High Fragrance'</i>	ev shrub	Very fragrant, large blossoms, Upright spreading growth.	GN	4 - 6'	Pink	late W - early Sp	N	N	Part Sun	Average
Black Magic Camellia	<i>Camellia japonica 'Black Magic'</i>	ev shrub	Very dark glossy red. Unusual rose form. Almost weird. Holly like leaves. Upright.	GN		glossy red		N	N	Sun	Moist
La Peppermint Camellia	<i>Camellia 'La Peppermint'</i>	ev shrub	Blush striped rose colored flowers. Some solid rose. Compact habit with slow, sturdy growth	GN	4 - 5'	white with dark pink striping to rose	late W - early Sp	N	N	dappled shade	Average

### Hiltop Arboretum PlantFest 2009 Final Plant List and Data

Common Name	Botanical Name	Type	Remarks	Supplier	Mature Size (H/W)	Bloom Color	Bloom Season	B'fly	H'bird	Light	Water
Oriental Chain Fern	<i>Woodwardia orientalis</i>	fern	Large-growing evergreen fern that cries out for attention . Tree-like fern without the trunk. Thick, dark green, leathery leaves. Elegant arching branches. Easy to grow: you provide the woodland, Woodwardia will do the rest! Gets name from the small plantlets that form at edges of older leaves. In time, these form new plants and the chain has begun.	DD	3'-5'	NA	NA	N	N	Shade	Moist
Yellowroot	<i>Xanthorhiza simplicissima</i>	perennial	Deciduous plant for wet sites - gypsophelia-like blooms. Parsley-leaved perennial herb used for dye. Orange-yellow fall color.	HH	2'	brownish - purple	early Sp	N	N	Shade	Moist
Lime Zinger	<i>Xanthosoma 'Lime Zinger'</i>	perennial	This "Arrow Leaf" gives the garden scheme many possibilities for both indoor and outdoor design. A fast grower, the defining yellow leaves can reach a foot and a half in size with plants rising up to 3 or more feet.	SF	3'	greenish white	Su	N	N	Full sun - part shade	Medium
Mickey Mouse Taro	<i>Xanthosoma m. vari. 'Mickey Mouse'</i>	perennial	Big ears, the better to dazzle you with; a tail too. White and yellow variegation on LARGE unique 18' leaves ranging in shape from perfect hearts to fascinating, artistic pinched ridges with unusual sculptured character. Tip normally forms a pinched pocket with a "tail" that holds water, providing a sip for thirsty butterflies and hummingbirds. Beautiful accent for shade gardens and edges of water gardens. Root hardy to the teens and possibly colder.	HH	3'-4'	grown for foliage	grown for foliage	N	N	Shade	Average
Narrowleaf White Rain Lily	<i>Zephyranthes candida (White)</i>	bulb	Fine chive-like foliage. Huge flowers pop up after a good mid-summer rain and continue into early fall.	HH	12"	white	Su - F	N	N	Sun	Moist
White Rain lily	<i>Zephyranthes candida</i>	bulb	Showy white flowers late summer and fall. Evergreen grass-like foliage. Forms beautiful clumps 10" tall. Light shade or full sun. Moist, well drained soil. A wonderful naturalizing bulb! Beautiful in small clumps or in big sweeps.	HH	10"	white	Sp-F	N	N	Sun	Moist
Pink Rainlily	<i>Zephyranthes grandiflora</i>	bulb	When it rains, it shines! Grassy foliage with lily blooms after rain. Large rose-pink blooms with yellow centers. Rainlilies are one of the finest naturalizing bulbs for the South! Plant them in pockets throughout the garden or create large, majestic sweeps.	HH	10"-12"	rose-pink	Sp-F	N	N	Sun or part shade	Moist, well drained
Orchid Rain Lily	<i>Zephyranthes 'Labuffarosa'</i>	bulb	Large, fluffy, white flowers; slightly drooping petals sometimes tinted rose near edges. One of the few of this ilk that grow and flower well in moderately deep-shade.	HH	12 x 15"	white - rose edges	Su - F	N	N	tolerates shade	moist
Orange Zexmenia, Hairy Wedelia	<i>Zexmenia hispida</i>	perennial	It is a good plant for butterfly gardens. It is generally left alone by deers. Little to moderate water. Yellow flowers spring to fall. 2-3'.	TS	2 - 3'	yellow	Sp - F	Y	N	Full sun, afternoon shade.	Little to Moderate
