

Hilltop Arboretum PreSale Order Form

(for current Hilltop Members and PlantFest! 2009 volunteers only)

COMMON NAME	BOTANICAL NAME	NOTES	SIZE	QUANTITY	SELLING PRICE	TOTAL
Canyon Creek Abelia	Abelia Chin. X Canyon Creek	Spreading rounded shrub with glossy dark green leaves that sometimes tinge bronze. White 3/4" fragrant flowers from summer to frost. Compact new growth is copper, then yellow to green. Pink/white flowers and bronze/rose fall color.	3G		\$18	
Southern Sugar Maple	Acer barbatum	Brilliant autumn display of yellow, orange and red.	3G		\$25	
Japanese Maple (red leafed)	Acer palmatum var. atropurpureum	A brilliant red deciduous small tree often grown as an understory tree in shady woodlands. It may have multiple trunks joining close to the ground. 15-25'	5G		\$30	
Shantung Maple	Acer truncatum	A hardy, adaptable species, tolerant of heat and drought, with no serious pests. Foilage reddish purple in spring & yellow in fall. A lovely maple 20-25' at maturity	3G		\$30	
Rosy Maidenhair Fern	Adiantum hispidulum	Deciduous fern; rose colored new growth; 18-24"; needs part sun to shade, moist conditions	6"		\$7	
Five Finger Fern	Adiantum pedatum	Deciduous fern, great for woodland gardens; shade & moist conditions best; graceful and elegant	6"		\$7	
Mood Indigo Lily of the Nile	Agapanthus inapterus "Mood Indigo"	Fabulous dark violet, almost black flowers on 30" stems	1G		\$8	
Dwarf Agarista	Agarista Populifolia 'Leprechaun'	to 6'; likes a dry shady environment;	3G		\$19	
Shooting Star Lily	Anthericum saundersoniae	Semi-evergreen 12"-14" clumping grass-like lily, small white star shaped flowers on 18"-24" stems spring-fall, full sun, light shade, moist well-drained.	1G		\$7	
Carambola Starfruit	Averrhoa carambola	Reaches about 30 feet (9 m) tall and about half as wide. The alternate, odd-pinnate leaves are somewhat sensitive -- leaves fold together at night, much like mimosas. The trees produce a fruit known as a star fruit, which is an astringent fruit with a sweet and sour flavor. The slow growing nature of these trees makes them an excellent container tree	3G		\$50	
Chojuho Satsuki Azalea	Azalea 'Chojuho	Showy, star-shaped, dark red to orangish-red flowers, 1 to 1 1/2 inches wide. Flowers are borne from May to June.	3G		\$16	
Vitatta Fortunei Azalea	Azalea 'Vitatta Fortune'	Tall, upright. White flaked, streaked reddish-purple. Blooms appear in fall, sporadically in winter and more heavily in early spring. Semi-deciduous which tends to show off the winter blooms. Venerable old plants still seen from World War II era - a testimonial to their endurance.	3G		\$11	
White Peacock Azalea	Azalea White Peacock	low-growing habit, split-petal white blooms. Unique and beautiful.	1G		\$7	
Will of the Wisp Azalea	Azalea 'Will of the Wisp'	Graceful and unique form, white bloom.	3G		\$17	
William Bull Indica Azalea	Azalea 'William Bull'	Pictureseque tall and open habit lends itself to specimen or container use. Easy and durable cultivar, considered among the most cold-hardy of the Southern Indians. Very double flowers are an unusual deep salmon orange appearing mid to late season.	3G		\$16	
Wolfpack Red Azalea	Azalea Wolfpack Red	3'x4' mature size, evergreen; Carla Hybrid	3G		\$17	
Purple Smoke Baptisia	Baptisia x 'Purple Smoke'	A tall, bushy mound of grey-green foliage, with long spikes of smoky violet-blue and purple flowers, held on black stems. A good substitute for Lupines, in areas where they are difficult to grow. Excellent cut-flower; attractive to butterflies. Drought tolerant, once established	6"		\$7	
Pink Orchid Vine	Bauhinia yunannensis	Semi-evergreen, 1" double kidney shaped leaves & is covered with terminal racemes of 2" orchid-like pink flowers spring to fall, full sun	3G		\$34	
Chocolate-scented Daisy	Berlandiera lyrata	A quarter-size, vibrant, 12" yellow daisy with striking red striped undersides and chocolate-colored cocoa scented stamens. Full sun, water conserving.	1G		\$9	
Beschorne	Beschorneria septentrionalis	Agave relative. The glossy, evergreen rosette (no spines) makes an attractive clump to 3' wide. After it is well established the 5' tall, glossy, red flower spikes that are adorned with lovely reddish bells with green tips in March/April -- afternoon shade please!	1G		\$6	
Apache Blackberry	Blackberry 'Apache'	Vigorous variety produces higher yields and larger, glossier black fruit than any other erect thornless variety	1G		\$8	
Subtotal						

Hilltop Arboretum PreSale Order Form

(for current Hilltop Members and PlantFest! 2009 volunteers only)

COMMON NAME	BOTANICAL NAME	NOTES	SIZE	QUANTITY	SELLING PRICE	TOTAL
Climax Blueberry	Blueberry, Climax	Early ripening--late May to early June. Most berries ripen at the same time. Upright. Beautiful fall color.	1G		\$8	
Premier Blueberry	Blueberry, Premier	Ripens mid-June. Vigorous growth. High yield.	1G		\$8	
Tifblue Blueberry	Blueberry, Tifblue	Ripens mid-June. Vigorous, productive and best Fall color.	1G		\$8	
Sweetshrub	Calycanthus floridus	Native plant	1G		\$9	
Egao Corkscrew Camellia	Camellia 'Egao Corkscrew'	Lovely salmon pink flower. But it's the curly zig-zag growth that is most appealing. Unique!	3G		\$21	
Autumn Sentinel Camellia	Camellia 'Autumn Sentinel'	Gorgeous pink flowers. This striking plant has a very narrow upright growth habit with distinctive foliage. Leaves are small, narrow and dark green and with a compact habit. Grows quickly, and small, double, pale-pink blooms come early in the season (October).	3G		\$21	
Black Magic Camellia	Camellia 'Black Magic'	Very dark glossy red flowers. Almost weird. Holly like leaves. Very upright growth.	3G		\$21	
Species Camellia fluviatilis	Camellia fluviatilis	Slender dense shrub with early semi-double small white blooms	3G		\$23	
High Fragrance Camellia	Camellia 'High Fragrance'	Very fragrant hybrid. Large. Flowers are pink blends. Upright, spreading, open growth	3G		\$21	
La Peppermint Camellia	Camellia 'La Peppermint'	Blush striped rose colored flowers. Some solid rose. Compact habit with slow, sturdy growth	3G		\$21	
Okan Camellia	Camellia 'Okan'	White to blush striped pink and red flowers. Flat open Higo style flower. Lovely!	3G		\$21	
Quintessense Camellia	Camellia 'Quintessense'	The joy of it is a gentle scent. Flowers blush pink as they age and then drop gracefully, the leaves are a matte mid green rather than a shiny dark green.	3G		\$35	
Satsuma Kurenai Camellia	Camellia 'Satsuma Kurenai'	The very best red formal flowers we have seen. Brilliant color. Grows well. Upright form.	3G		\$21	
Sawada's Mahogany Camellia	Camellia 'Sawada's Mahogany'	Large mahogany red flowers with purple tints. Reddish new growth. Bizarre flowers!	3G		\$21	
Stephanie Golden Camellia	Camellia 'Stephanie Golden'	Bright pink to lavender peony-like flowers over long season. Compact and upright, 4-6 feet.	3G		\$21	
Tiny Princess Camellia	Camellia 'Tiny Princess'	Tiny soft pink bell-like fragrant flowers in profusion. Winter bloomer. Upright willowy growth.	3G		\$21	
Camellia toucheria spectabilis	Camellia toucheria spectabilis	White bloom with yellow stamens; sun; dry; evergreen. Matures at 15'	6"		\$5	
White Sentinel Camellia	Camellia 'White Sentinel'	Cold hardy single white flowers. Small pointed leaves on compact, very upright, fast grower.	3G		\$21	
Yume Camellia	Camellia 'Yume'	Petals alternate pink and white. Single. Profuse flowers. Long season. Slow dwarf habit to five to six feet.	3G		\$21	
Silver Sceptre Sedge	Carex m. 'Silver Sceptre'	Very elegant form with wide green leaves edged with a crisp, silvery-white margin. Looks lovely cascading over the edge of a water feature	6"		\$7	
Chinese Fringetree	Chionanthus retusus	About 20-30 ft., a knockout when in bloom with clouds of white fragrant blossoms - everyone should have this tree!	1G		\$6	
China Snow Chinese Fringtree	Chionanthus retusus 'China Snow'	Puffy snow white bloom, deep green foilage and exfoliating bark; yellow fall color and blue egg shaped summer fruit make this small tree or large shrub captivating in four seasons.	3G		\$27	
Silk Grass-fall blooming Aster	Chrysopsis graminifolia	1-3' perennial; yellow flowers July-October; Silver-gray grasslike foliage;Sun to part shade	6"		\$6	
Musical Notes Clerodendron	Clerodendron incisum 'Musical Notes'	A must for music lovers and plant nuts! Produces heavy cycles of flower buds shaped like musical notes. The buds burst open to a profusion of herald trumpet-shaped creamy-white flowers. To 4' in the landscape and also grows well in containers. Root hardy perennial in mild winters, responds well to pruning. Prefers a bit of afternoon shade in the summer.	1G		\$7	
Red Bleeding Heart Vine	Clerodendrum thomsoniae 'Java Red'	Gorgeous red to purple flowers against dark green large shiny leaves makes this a wonderful addition to your shade garden vine collection. Blooms spring to fall	6"		\$7	
Subtotal						

Hilltop Arboretum PreSale Order Form

(for current Hilltop Members and PlantFest! 2009 volunteers only)

COMMON NAME	BOTANICAL NAME	NOTES	SIZE	QUANTITY	SELLING PRICE	TOTAL
Variiegated Bleeding Heart Vine	Clerodendrum thomsoniae vari.,	Mutiple white and red flowers, glossy dark green and yellow variegated foliage. Blooms spring to fall. In part to full shade.	6"		\$8	
Ruby Spice Summersweet Sweet Pepper Bush	Clethra alnifolia `Ruby Spice`	Fragrant, deep pink bottlebrush flowers attract butterflies, bees, and other insects late summer and early fall. 4-6' x 4-6'. Will tolerate clay soil and full shade. Yellow fall color extends the season of interest.	1G		\$10	
Tea Cup Elephant Ear	Colocasia e. `Tea Cup`	Leaves rise upright on dark purple stems in a cup-like pose. True eye popper when the sun shines down on 'Tea Cup' leaves and leaf tissue and purple veins are illuminated. 3-4', 65-75% shade.	6"		\$11	
Chinese Evergreen Dogwood	Cornus angustata	20'; evergreen foilage; gorgeous white flowers - what more could you want in a Dogwood!	3G		\$23	
Purple Prince Hidden Ginger	Curcuma 'Purple Prince'	A beautiful new curcuma with an unusual blue cast. It produces stunning 10"-12" flower stalks with glossy burgundy bracts & small yellow flowers in late summer. Prefers light shade or sun, and a moist, well-drained soil.	6"		\$14	
"Titi" Little Leaf cyrilla	Cyrilla Parviflora 'Kristi'	Small leaf form with pale pink flowers. Small shrub to 6'. Smaller leaves and finer texture than C. racemiflora.	3g		\$19	
Frosty Whte Deutzia	Deutzia `Frosty White`	Large, graceful, upright deciduous 8' shrub that explodes into a cloud of fragrant white flowers in mid spring. Butterfly magnet. Has both dark green and foliage with yellow mottled variegation. Full sun to light shade, moist well drained soil.	3G		\$23	
White Top Sedge	Dichromena latifolia	The slowly spreading clumps (3' in 2 years) of green foliage blend with the other green reed-like sedges until summer, when the 15" stalks are topped with spectacular white bracts (modified leaves) that surround the tiny flowers. While dichromena will prosper in all but the driest of garden soils, it prefers a moist boggy site,	1G		\$6	
Common Persimmon	Diospyros virginiana	Great small to medium tree, edible fruit attracts lots of wildlife.	3G		\$20	
Evergreen Witchhazel	Distylium myricoides	Unusual arching shrub with blue-green foliage and red flowers in late winter.	3G		\$20	
Pineapple Dyckia	Dyckia brevifolia	Stemless evergreen succulent, terrestrial bromeliad. Sulfur-orange blooms in summer; Flowers are sulfur-orange to 1/2 inch long. Full sun. 10x18". Likes water in summer.	1G		\$8	
Japanese Blueberry tree	Elaeocarpus decipiens	Large evergreen shrub easily trimmed into a a tree form. Able to grow 60 feet tall and 30 feet wide, so be sure to provide plenty of growing room for this excellent screen choice. Somewhat showy blooms in summer, followed by black berries in the fall. FS/PS	3G		\$17	
White Midsummer Aster	Erigeron karavinskianus `Profusion`	12-15", 18" spread, mounding habit, 1/2-3/4" white daisy changing to pink. Summer bloomer does best in full sun to part shade. Doesn't need a lot of water.	6"		\$6	
Green Thinly Margined Eurya Japonica	Eurya Japonica 'Green Thinly Margined'	Very dwarf spreading plant with silver grey leaf margins. A Beauty!	2G		\$16	
Fig Ivy	Ficus Sandi-leaf	Evergreen groundcover, mid-green 3" sandpaper-like foliage with small reddish fruit resembling a fig at the base of the plant, sun/part shade.	1G		\$8	
Fuschia megellanica	Fuschia magellanica	One of the hardiest fuchsias, withstanding cold down to about 10-14°F (-10 to -12°C) and even 5°F (-15°C) for the hardiest selections. However, if the roots may withstand such temperatures, wood is more tender and is likely to be damaged below 24°F. This shrub can thus be grown in sheltered areas of USDA zones 7 and warmer.	1G		\$6	
Variiegated Gardenia	Gardenia Jas. Variegated	Striking variegated foilage. Must not have too much water; protect from afternoon sun. Bug and disease resistant.	1G		\$6	
Maidenhair Tree	Gingo biloba	Large tree with drooping, "fishtail" leaves flutter in the breeze and turn a showy butter-yellow to golden color in the Fall. Tolerates urban sites.	3G		\$30

Winged Sumac	Rhus copallinum	Plant for Fall color and wildlife food; forms colonies	3G		\$20	
Smooth Sumac	Rhus glabra	Dazzling red autumn foliage. Clustes of crimson colored berries often persist through early winter. Wildlife pleaser. Spreads by suckers.	3G		\$20	
Yellow Firecracker Plant	Russelia equisetiformis yellow	3 x 2' cascading shrub bearing many tubular yellow flowers. FS to PS	6"		\$6	
Coral Firecracker Plant, fountain plant	Russelia equisetiformis coral	3 x 2' cascading shrub bearing many tubular red flowers. FS to PS	6"		\$6	
Blue Anise Sage	Salvia guaranitica 'Costa Rica Blue'	Can reach 6' tall. Beautiful blue-violet tubular flowers with black calyces late summer to frost. Full sun, good drainage. Hummers like it.	1G		\$7	
Scarlet Sage	Salvia vanhouttei	Deep maroon flowers on wide spreading plant. Good shade perennial -- blooms continuously in mild winters.	1G		\$7	
White top pitcher plant	Sarracenia leucophylla	An uncommonly pretty plant! It is a preposterously flamboyant pitcher plant, and its most noteworthy feature is that the top third or more of each pitcher is wonderfully pigmented white. The white top is usually innervated with green and/or red veins, overall making a very nice effect. The lip is very large, and open spouted. Perennial; wet/dry	6"		\$7	
Silver Saw Palmetto	Serenoa repens 'Cinera'	Bold architectural - eye-catching	10"		\$38	
Azalea "Shanghai Rosie"	Shanghai Rosie Azalea	Compact spreading habit with 1" rose form pink flowers mid to late season.	3G		\$17	
Fireworks Goldenrod	Soladago 'Fireworks'	Attractive to bees and butterflies. Good cut flower. Easily grown in average, medium to wet, well-drained soil in full sun. This cultivar tolerates moister soils than many of the other goldenrods.	1G		\$8

Hilltop Arboretum PreSale Order Form

(for current Hilltop Members and PlantFest! 2009 volunteers only)

COMMON NAME	BOTANICAL NAME	NOTES	SIZE	QUANTITY	SELLING PRICE	TOTAL
Variiegated Potato Vine	<i>Solanum jasminoides</i> variegata	Very cold hardy vine. Showy in shade garden .Bright golden variegated foliage and white 1 inch star-shaped fragrant flowers held in clusters on a dense fast growing vine. Can reach 30 ft. high eventually	1G		\$8	
Yellow Necklace Shrub	<i>Sophora affinis</i>	Native, velvety, silvery-green foliage on a 4', multi-stemmed shrub, blooms 2'-3' panicles of butter-yellow flowers summer to fall, evergreen mild winters, root hardy	3G		\$23	
Spiraea Ogon	<i>Spiraea thunbergii</i> 'Ogon'	This hardy deciduous plant has delicate, willowy brances with bright yellow leaves, which change over to an orange-pink shade in fall. The flowers on this plant are white and appear in early spring. Can tolerate many difficult landscape situations	3G		\$17	
Pringle's Aster	<i>Symphyotrichum Pilosum</i> var. Pringlei	Fields, roadsides, disturbed areas. Forms a 3' x 3' absolute cloud of tiny white flowers for months in the fall. Sun to light shade. Moist well drained soil. Butterflies!	3G		\$20	
Pond Cypress tree	<i>Taxodium distichum</i> var. nutans	Columnar habit. Holds needles longer in Fall. Not as prone to forming knees. Nice fall color	3G		\$20	
Bald Cypress	<i>Taxodium disticum</i>	Large with pyramid shaped crown. Leaves sage green in summer; russet, soft brown to orangish brown fall color. Birds eat seeds.	5G		\$23	
Dwarf Japanese Cleyera	<i>Ternstroemia</i> g. 'Emory'	Small leaves, interesting habit. Tom Dodd Jr. selection. From cuttings	3G		\$13	
Giant Water Canna	<i>Thalia geniculata</i>	Bog/water garden plant; 8-10'; purple bloom; sun to part shade	10"		\$19	
Pink Star Jasmine	<i>Trachelospernum jasminoides</i> "Pink Flowered"	You'll love this! Like the species but a little more restrained growth	1G		\$10	
Elliottii Huckleberry	<i>Vaccinium</i> 'Elliottii'	Edible fruit. Rich coloration of leaves in Fall. Wildlife food.	3G		\$17	
Cinnamomifolium Viburnum	<i>Viburnum</i> 'Cinnamomifolium'	This large, upright species to 15 ft. sports dark, leathery green leaves. Upright white flower clusters, produced mid-summer into autumn, result in electric blue fruit on pink pedicels. Content in partial shade or sun in any soil with some summer irrigation.	3G		\$17	
Luzon Viburnum	<i>Viburnum luzonicum</i>	Red translucent berries in the fall; purple leaf color fall and winter. Four seasons of interest.	3G		\$20	
Arabian Lilac	<i>Vitex trifolia</i> 'Arabian Purple'	Exceptional aromatic foliage accent for warm, dry climates. Openly branching spreading shrub produces velvety leaves distinctively colored green on top with purple undersides. Clusters of small purple flowers at shoot tips in late summer and fall. Superior accent for xeriscape or wild gardens. Deciduous. Full sun to part shade. Moderate growth 6' H to 8'W.	3G		\$23	
White Candles	<i>Whitfieldia elongata</i>	White spires rise above dark green shiny foliage November - May. Flowers in shade. Average water, 4-6'	1G		\$8	
Oriental Chain Fern	<i>Woodwardia Orientalis</i>	An 18"h x 48"w evergreen fern that cries for attention with its dark-green, thick, leathery leaves. Needs a woodland area that stays moist year around. Named from the small plants that form at the edges of older leaves; these in time form new plants and the fern chain has begun.	6"		\$7	
Yellow Rain Lily	<i>Zephyranthes citrina</i>	Lovely yellow rain lily, these starry, upfacing, crocus-like flowers appear several times a season, especially after a rain on 8"-12" stems.	4"		\$5	
Grandjax Rain Lily	<i>Zephyranthes</i> 'Grandjax'	Grandjax' is truly one of the great rain lily hybrids of all times. This fast-multiplying rain lily quickly makes a tight clump that is topped, from summer through early fall, with dozens (eventually hundreds) of large, creamy-pink flowers with white stars in the center...superb!!!	4"		\$5	
Zexmenia	<i>Zexmenia hispida</i>	It is a good plant for butterfly gardens. It is generally left alone by deers. Little to moderate water. Yellow flowers spring to fall. 2-3'	3G		\$7
