Please read the special conditions outlined below which apply to benefit coverage during leave without pay before making an election to cancel coverage.

Workers Compensation: When an employee is on leave without pay due to a work-related injury LSU pays the employer portion of both group health and group life coverage. The employee pays their portion of the premium for these plans. In addition, the employee continues to pay the premium for the supplemental plans.

Approved Family Medical Leave: LSU pays the employer portion of health premium when an employee is on an approved family medical leave without pay. The employee must pay their portion of the health premium during the leave period. In addition, the employee must pay the total premium cost for group life insurance and supplemental benefit plans. If health coverage is cancelled during the leave period, insurance may be reinstated upon return from leave on the same terms as prior to taking leave, without any qualifying period, physical examination, or exclusion of pre-existing conditions. Reinstatement forms must be completed within 30 days of an employee's return from family medical leave.

Military Leave: The employee must contact the Benefits Service Center (578-8200) prior to going on military leave. LSU pays the employer portion of health and life coverage when an employee is on military leave. If insurance is cancelled while on military leave, it may be reinstated upon return. Reinstatement forms must be completed with 30 days of an employee's return from military leave.

Other Leave Without Pay: The employee pays the entire premium cost for all benefit plans.

I understand that I will be limited to retaining any of the above coverage for a maximum of one (1) year while on leave without pay except for military leave. After one year, I may continue the medical coverage through COBRA.

I understand that if I cancel my coverage while I am on leave without pay, I will have to reapply for coverage and provide proof of insurability in order to reinstate coverage. The only exception to this provision is the reinstatement of benefits upon return from approved family medical leave or military leave.

I understand that an unpaid leave of absence is a change in family status for which I may revoke a Flexible Benefits Plan (Tax Saver Plan) election. If I elect to cancel insurance plans, which are included in the Flexible Benefits Plan, I am revoking my Flexible Benefits Plan election. If I return to pay status during the current plan year, I will not be allowed to re-enroll in the Flexible Benefits Plan. I may enroll in the Flexible Benefits Plan for the next plan year during April open enrollment. The only exception to this provision is the reinstatement of benefits upon return from family medical leave or military leave.
