

LOUIS Documentation

Document Topic: ILLiad Subscription Training Program ... LOGON IDs

Procedure:

August 16, 2007 -- for details read bottom up

Hi Stephanie,

THIS IS GREAT!! Bron and I browsed through all online training list as well as the archived videos list. We are absolutely delighted with the range of topics available. You can be sure that we will be viewing a lot of them.

We would like our consortium members to have access to this as well (I bet the questions we ask you will lessen after they have reviewed some of these sessions).

Here are the usernames for the LOUIS consortium members. Please add them to our subscription account. I will ask our members to create an account using the following usernames:

louisilliad (louis123)

zeezee

LOUISLAZ

LOUISLDC

LOUISLGS

LOUISLHA

LOUISLLM

LOUISLNE

LOUISLNS

LOUISLNU

LOUISLNW

LOUISLPW

LOUISRL

LOUISLRT

LOUISLSB

LOUISLSH

LOUISLUS

LOUISLUU

LOUISLWA

Thanks

ZeeZee

Subject: Atlas Systems welcomes LOUIS to the ILLiad subscription training program!

Hello Bron and ZeeZee,

Atlas Systems welcomes LOUIS to the ILLiad subscription training program! Thank you so much for purchasing the subscription and please let me know if you have any questions or need any assistance using your subscription. Your subscription account for louisilliad is now active.

Your subscription allows you to register for a seat in any of the online training classes listed here <https://www.atlas-sys.com/training/>. Please log in to register.

Your subscription also allows you to view any of the archived training videos simply by logging in with your account at <https://www.atlas-sys.com/training/> and clicking on the My Subscriptions link at the top of the screen. New recordings are being added often to that list as we build the archive. They are best viewed in full screen mode on a machine with good speakers for audio or headphones.

If you have specific training classes that you are hoping to be able to attend using your subscription, please let me know and I'll try to get them on the schedule if they are not already there. I am planning the fall sessions and hope to have them posted within the next couple of weeks.

If you have other staff members who need access to the subscription, just ask them to create an account on our training web site and if you send me their username I can add them on your subscription account so they can also have access to the recording archive. I must have their username to enable the access.

Thank you!

Stephanie
