Laundry rate changes for Residential Life laundry facilities

Beginning Thursday, June 11, 2009, the price of doing a load of laundry will go from \$1.00 to \$1.25. This rate change applies to both washers and dryers in all residence hall and Graduate and Family Housing laundry facilities. Residential Life contracts out the laundry facility service to Caldwell-Gregory, and they will post flyers in all the laundry facilities reflecting the new prices. This new rate is competitive with off-campus coin-operated laundry facilities.

Below are the features that Caldwell-Gregory provides in Residential Life laundry facilities:

- Coin or Tiger Card operated washers and dryers

 - (Nicholson facilities are coin operated only)

- Online access to status/availability of washers and dryers

 - (Not available in Nicholson facilities)

- Ability to send email alerts on machine availability and washer & dryer cycle completion

 - (Not available in Nicholson facilities)

- Folding stations

To view the status/availability of laundry equipment in all of the residence halls and Family and Graduate Housing, go to www.laundryalert.com and type in the password *LSU3733*
